PRESTIGE CLUB
Helping Children In Need

Dear Grant Panelists,

Prestige Club has served the Community with numerous programs for the past 22 years.

In the past, we have held Hoot Camp Program at Collins and Dania Elementary for over 1000 students. Prestige Club Sponsored the Ecology program for over 1,400 students in Coral Springs, Davie, and Miami Gardens.

We have also sponsored Anti-Bully programs in Davie after school programs, Collins elementary and many more. We have now redesigned the Hoot Program to serve more students ranging from Kindergarten – 5th grade and offers Six programs under the main umbrella which are as follows:

- **The Reading Program** which focuses on inspiring children to read, it's based on the classic Dr. Seuss principles of silly rhymes and sounds to help preschoolers learn to pronounce.
- **The Bye, Bye Bully Program** explains bullying in depth, and teaches different options they can take when they feel they are being bullied or see someone being bullied.
- **The Happy Eating Program** is designed to teach students the actual amount of calories our bodies will thrive on per day, plus an exciting way to see the five food groups.
- **The Animals, Art & Education Program** offers the students a way to experience the latest technology of 3-D life like books where they can view animal's real habitat, feed animals, watch them respond back and hear real sounds the animals make. Students will also experience a one-hour live adventure with real live animals.
- **The Etiquette Program** teaches 4th and 5th grade students how to tie a tie, set a table, Manners & proper etiquette and at the end everyone gets to enjoy a hot meal.
- **The Ecology/Magic Show** Is a unique hour of Magic and music that inspires children and adults to Reuse, Recycle and Save Water! Now more than ever our earth needs our help to keep our air clean and our water table in Florida healthy. This is a must see, program.

Prestige Club also hosts a back to school event where 500 students in the schools receive a book bag filled with all needed school supplies. Followed by our annual holiday event where over 1,000 local Children in need receive a holiday present, take pictures with Santa, and enjoy a fun-filled day.

We not only help children in the local schools in Dania, Coral Springs, Miami Gardens and Davie but we also work with BSO of Dania Beach. Whenever a family is in need "food, gas, etc." we fund them to allow the families a way to get through their everyday life struggles.

These are just a few things Prestige Club does, we also help Chronically Ill Children and their families in Dade, Broward, & Palm Beach County's by hosting a "Prestige Adventures" Event once a month to allow these families to Escape from their everyday life stress and have a day to enjoy themselves.

In order for us to keep hosting these events we need to be able to fund these programs. Thank you in advance for your consideration.

Sincerely,

Polly O. Wilkie
CEO/founder

A Year of Prestige Adventures

Prestige Adventures are designed to make every child feel special to let them know that they are loved by so many people. But ultimately, allow families a rare chance to feel “normal”, experiencing fun activities with family and other children that may face similar challenges. A sick child is not defined by their illness, but by their dreams and aspirations. Prestige Adventures offer events and activities such as picnics, sporting events, party houses, ice skating, bowling, and the list goes on! For our Halloween Adventure, a little girl was a doctor so she could help other children who had cancer. Prestige Adventures lets every child know that “anything is possible”.

Renaissance Festival Adventure

On Sunday March 5, 2016 Bobby & Jackie Rodriguez sponsored our families for a fun-filled day at the Renaissance Festival. All families received admission for their entire family. To make this day extra special, each of our board

Prestige Club Presents Life Skills Programs to Area Elementary Schools

Thanks to our volunteer experts, Prestige is able to help make a difference in the lives of at-risk children attending school in low income communities in Broward County. Brief overviews of three of our Hoot Camp programs are below. For more information on these and other Prestige programs, or to help us with funding them, please contact our office at 954-617-6210.

Reading Program

This is a wonderfully written high energy program that inspires children to read. Based on the classic Dr. Seuss principles of silly rhymes and sounds to help pre-schoolers learn to pronounce. Learning the sounds of the alphabet, placing them together to spell words, developing a sentence and learning to articulate is the first step to good reading skills. This wholesome show has a very creative funny atmosphere to introduce reading, books, and the imagination. All the stories, activities, and music supplement the great teaching our schools provide, and even has a worksheet to repeat the most important skills that were presented. We believe a combination of visual, auditory, physical and fun make for lasting learning habits.

Happy Eating Show

The United States is a great place to live but we have a serious obesity problem! What we eat affects our health, moods, ability to sleep, learn and be happy! If you study the most successful people in the world they are healthy! What we put in our bodies really does make a difference. Our goal with this program is to open the eyes and appetites of our small students to the actual amount of calories our bodies will thrive on per day, plus an exciting way to see the five food groups! The amounts of each group we should have each day to feel empowered and happy.

Eating healthy food, drinking plenty of water and a good night sleep is imperative to our children's ability to learn, observe, feel happy and have the mind set to be the awesome person they are meant to be. Help us to reach as many children as possible!

Bye, Bye Bully Show

Bullying is a problem. So much so, that its negative impact is felt in our children's mental health, and may lead to drug use and even suicide. The earlier we begin addressing this subject the faster we can prevent some, if not most of it. The first part of this program addresses what bullying is, we break this up into five physical and five emotional things. We show, in an entertaining way, what options they can take when they feel they are being bullied or they see someone being bullied. At school or sports events kids could feel scared, or even helpless to see someone get bullied or be bullied themselves. These are the emotions we will address. Quick skill sets to manage anger and recognize that there are consequences to reacting in such a rough manner.

The worksheet for this program is for both parents and children. It may seem obvious to adults, but a young child needs to learn that anger is the name attached to certain feelings and the physical sensations that come with that feeling. Parents and teachers can help children in the heat of the moment by acknowledging and naming the emotion. Children also need help in recognizing the triggers that set off these feelings. The worksheet summarizes all the points the children learned and may even help parents observe their children a little more, and may realize that these are the kinds of situations that make their child want to scream and kick. This way we will be addressing this on both paradigms of the child's life, home and school life. THANK YOU to the Sheriff's Foundation of Broward County for sponsoring this program.

Interactive Educational Animal Kingdom

Prestige Club has teamed up with Chris White from Interactive Art and John Otter to make a program that is brought to schools in low income areas. The program includes an interactive augmented reality book where children can enjoy and explore the animal kingdom. Through their interactive journey, the students will learn about some of the animals with whom we share this amazing planet, and have a chance to interact, play and learn facts about them. At the end of the program John Otter will bring in live animals where the class will be able to be hands on with all different exotic reptiles & animals.

Prestige Club's 20th Anniversary Gala - Mardi Gras

January 30 2016, Prestige Club hosted our 20th anniversary celebration gala at the Signature Grand, Davie FL. With a theme of Mardi Gras, Local Dignitaries, and guests dressed in Mardi Gras attire. During cocktail hour World Gate Entertainment provided a Living Tree, & live statues while Jon Saxx played the saxophone. Superstar productions, Bobby Rodriguez Productions, U4RIA Dancers, & Julia Dale provided our main event Entertainment. A special thank you to all our sponsors for all their continued support.

Prestige Annual Bart Reed Love Fest Picnic

On Saturday November 19, 2016 Prestige Club hosted our Annual Bart Reed Love Fest Picnic at Robert H Bamford Sports Complex in Davie, FL. This park has so many outstanding perks and features. We were thrilled to be able to host our annual picnic there. One of the amazing features is they have a disabled playground that is handicap accessible. This year's event included entertainment from Super Stars Production, South Florida Cloggers, and a very special visit from Santa Claus.

Love Fest Picnic is a fun filled day that Prestige Club hosts for thirteen local agencies. This year Memorial Health Care System sponsored the playground which included the following: A Monster Truck Relay, Infernos challenge- a mobile obstacle course, eight face painting clowns, Disney Washable tattoos, arts & crafts, and games. All the families had such a fantastic day, and never ran out of things to do. A special thank you to Steve Feldman for picking up, preparing, and coordinating all the food for this event. Food sponsors were Salah Foundation Children's Hospital, Broward Health, Ed Roer, and The Festus & Helen Stacey Foundation.

A special thank you to all Our Sponsors, Volunteers, and The Town of Davie for making this day possible.

Congratulations to Laura Shane, our Program Director and Volunteer Coordinator. Laura does a great job scheduling the Adventures and working with the kids every month. She tries to think of something different for the families and they are always excited to come to the events.

Thank you, Laura. Excellent Job.
